At Texas A&M University, we share an undying commitment to each other and to the state, nation and world. Nothing will stop us from our pursuit to provide the most valuable education for our students; your financial support moves us closer to this goal.

Scholarships and fellowships change lives and enrich the student body. When you fund a scholarship or fellowship, you make a profound difference for individual students and for the lives those students touch as graduates of Texas A&M University.

A contribution of any size will help bring more adept scholars to Texas A&M and develop students into the leaders of tomorrow. Scholarships may be named in memory or honor of a person, class or organization of the donor's choice. Scholarship gifts are tax-deductible and may be funded through cash, securities, real estate or your estate. Most scholarships are payable over a five-year period.

The Texas A&M Foundation invests endowed scholarship funds in a way that maximizes growth while safeguarding the principal. Earnings on your investment are distributed annually by the Foundation. Most donors choose to create an endowed gift that will last in perpetuity, but you may choose to fund an annual scholarship by making a one-time gift. You may also choose to direct your scholarship to support a student from a specific geographic region or in a particular field of study.
